

Sustainable Corridor Framework

Caltrans[®]

Strategic Management Plan

2015-2020

Mission

Provide a safe, sustainable integrated, and efficient transportation system to enhance California's economy and livability.

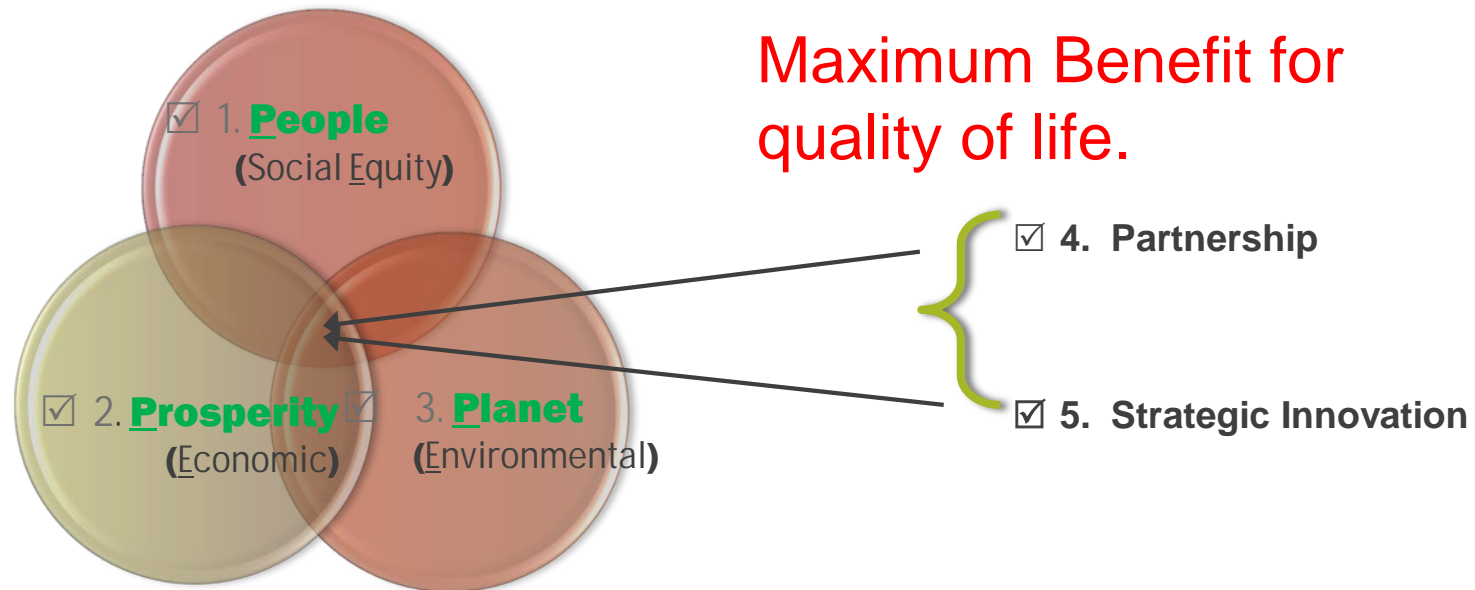

What we do

Why we do it

- **GOAL 1: Safety and Health**
- **GOAL 2: Stewardship and Efficiency**
- **GOAL 3: Sustainability, Livability & Economy**
- **GOAL 4: System Performance**
- **GOAL 5: Organizational Excellence**

Sustainability, Livability, and Economy Goal

Make long-lasting, smart mobility decisions that improve the environment, support a vibrant economy, and build communities, not sprawl.

Performance Measures

People

- Bike, Pedestrian & Transit Increase
- **Accessibility**
- **Livability**
- Sustainable Corridors

Planet

- Per Capita VMT Reduction
- System emissions reduction
- Operational emissions reduction
- Improve Green Infrastructure

Prosperity

- **Prosperity**
- Freight Efficiency
- Resiliency
- Resources Consumption reduction

“Sustainable Corridors”

Policy Goals & Targets

Achieving **Caltrans Strategic Goals** and **State Targets** requires more integrated approach to transportation planning and project development

Asset Management

Limited transportation dollars require heightened **Stewardship of Infrastructure** and strategic **Prioritization of Investments**

Partner Engagement

Shared and integrated planning and investing yields greater overall return on public investments and can improve state and local **Economic Vitality**, and **Community Livability**.

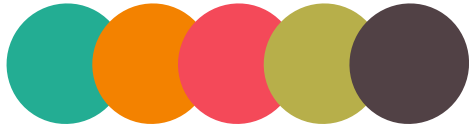

Transparency & Communication

Developing a shared vision with communities at the corridor planning level helps **Streamline Caltrans Delivery**, and is a tool for **Transparent Decision-making** and **Clear Communication**.

System Performance

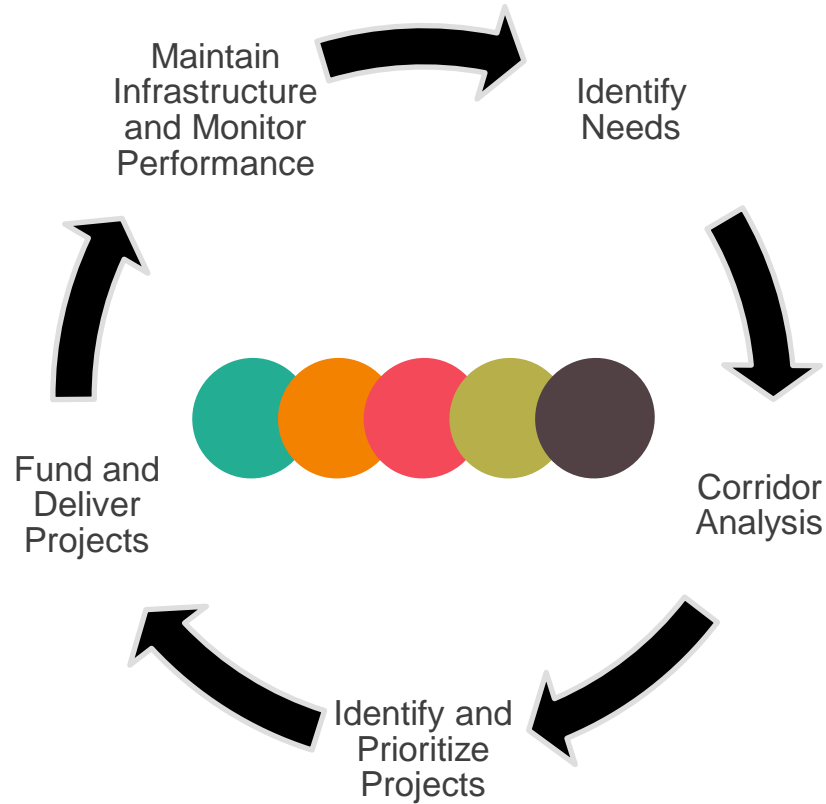

Integrated planning and shared investment priorities yield a **Sustainable, Reliable, and Efficient Multimodal Transportation System.**

Sustainable Corridor Framework

Maximize Beneficial **Transportation, Community, State** Outcomes

“The Big Picture”

- Identify Needs
 - State, Regional, and Local
 - Performance and Multimodal Driven
- Corridor Analysis
 - Data and Performance Driven
 - Multimodal and System-Based Approach
 - Collaborative
- Identify and Prioritize Projects
 - Multi-Objective and Multimodal
 - Partnerships and Performance Driven
- Fund and Deliver Projects
 - Partnerships
- Maintain Infrastructure and Monitor Performance
